What is VAGE-JBIAS?

- **VAGE-JBIAS** is short for
  Visual **A**CE-**G**OLD **E**nterprise
  Jewellery **B**usiness **I**ntelligence & **A**nalysis **S**oftware
- The software is installed independently and links with your existing installation of ACE-GOLD, Visual ACE-GOLD or any other software (pl refer to us)
- VAGE-JBIAS automatically generates selected live reports from your actual data at anytime, from hundreds of reports with thousands of variations, at given scheduled times, and distributes to the authorized personnel
- Distribution of reports in Excel, PDF or Zip files, on the desktop or through emails
- Define email templates and automatically receive daily/weekly/monthly/quarterly/annual reports on your mobile devices/smartphones
- Full range of reporting - Very advanced, medium and basic reports – as per the requirements
- Multi-Branch, Multi-Company, Multi-Year consolidation
- Complete flexibility to modify the reports in Excel for authorized users, yet full security to prevent unauthorized changes
- Select multiple reports, at multiple levels, for multiple branches and save them as templates for auto-runs
- Very advanced intelligence reports for top management – for business analysis, decision making & management
- Select only reports that are needed
- Total electronic paperless reporting, just-in-time
